

THE GAZETTE.

MONDAY EVENING, JULY 22.

ANOTHER DAN BURST.—One of the most disastrous storms ever known in the Hooking Valley culminated Sunday in the breaking of Sharp's dam at Sugar Grove, on the Hooking canal, Ohio. The dam held in store a large body of water, that supplied the lower levels of the canal. The heavy rains had filled the reservoir to the banks, when suddenly the dam gave way, and with a mighty roar, the sea of water went out through the valley, taking with it every movable object. For twenty miles the soil is ploughed up. Trees, fences, crops, and hundreds of head of live stock have been swept away. No lives were lost, because the people had taken warning, and because the houses were situated on the bluff that overlooks the valley. But the canal for miles is a wreck, and thousands of feet of railroad track are washed away. At Athens the Cincinnati, Washington & Baltimore and Hooking Valley railroad tracks are carried away, and trains will be delayed several days. Roads and bridges are annihilated, and the whole valley for miles looks like a dry water course.

A NEW TOWN IN VIRGINIA.—The Rockbridge Company, of which George Fitzhugh Lee is President, has been highly successful in getting subscribers to stock. A million and a half is what the company is raising. The new town of Glasgow will be laid off and boomed soon, and another flourishing industrial city may be looked for in the near future. The site of Glasgow is on the Richmond and Alleghany Railroad, on the James River, between Balcony Falls and Buchanan, Va. The town is to be built there, and it will have a population of two or three thousand in less than a year.
